ISO 22301 Foundation training enables you to learn the basic elements to implement and manage a BCMS as specified in ISO 22301. During this training course, you will be able to understand the different modules of a BCMS, including BCMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

Who should attend?

- Individuals involved in Business Continuity Management.
- Individuals seeking to gain knowledge about the main processes of Business Continuity Management Systems (BCMS).
- Individuals interested to pursue a career in Business Continuity Management.

Learning objectives:

- Understand the elements and operations of a Business Continuity Management System (BCMS).
- Acknowledge the correlation between ISO 22301 and other standards and regulatory frameworks.
- Understand the approaches, methods and techniques used for the implementation and management of a BCMS.

Certification:

Upon the successful completion of the exam, participant will get the "PECB Certified ISO 22301 Foundation" credential.
